## COOLIDGE SENDS MESSAGE GIVING PLAN ON RELIEF

### Would Take Immediate Steps for Helping of Northwest

WASHINGTON, Jan. 23. (AP)—Moved by the increasing acuteness of the economic situation in the northwest, President Coolidge today sent to congress a special message outlining steps for relief and quickened efforts of the federal government to prevent further bank failures in that section.

The chief executive in his message presented five methods for organized cooperation on the part of the federal government and the local institutions of that territory.

Five Steps

Refunding of the pressing past due indebtedness of the farmer in the territories most seriously affected.

Financial assistance through a federal agency to enable wheat farmers to make the change from a single crop system to diversified farming.

Restoration wherever it would be helpful, of the impaired capital of banking institutions in the distressed sections.

Creation by private capital of a substantial financing corporation to assist in the plan of reorganization.

Extension of the time during which the war finance corporation can make loans.

Mr. Coolidge Congress these were measures "by which without undue alarm or agitation, but nevertheless promptly and effectively we can bring to bear on a serious though happily, a localized emergency, every resource of the federal government and all the assistance which the business and farming community can render."

"The economic situation in the northwest," the president said, "is reaching an acute stage that requires organized cooperation on the part of the federal government and the local institutions of that territory for its solution."

Calling attention to the condition he made of the situation in his message to congress in December, he continued:

"Great numbers of individual farmers are so involved in debt both on mortgages and to merchants and banks that they are unable to preserve the equity of their property. They are unable to undertake the diversification of farming that is fundamentally necessary for sound agricultural reconstruction of the area. They are unable to meet their obligations and there has been involved the entire mercantile and banking fabric of these regions."

"Not only have been large numbers of foreclosures on actual farms but there are great numbers of farmers continuing in possession on sufferance from their creditors."

Many Bank Failures

"There have been large and increasing bank failures. Bills have been introduced providing for the lending by the federal government of monies directly to the farmers for purposes of assisting them in conversion of their farms on the basis of diversified farming. I am heartily in favor of these bills but they do not and will not compass the entire problem."

"Many farmers are, however, in such jeopardy from their creditors that even with this assistance there is no assurance that they would have a sufficient—Continued on Page Four—"

## GREAT BRITAIN SIGNS LIQUOR TREATY WITH U. S. FOR SHORT TERM

### After Ratification Pact Will Hold Good for One Year

WASHINGTON, Jan. 23. (AP)—The double-barreled liquor treaty with Great Britain was signed today by Secretary Hughes and Ambassador Geddes to become effective when ratifications are exchanged. By tacit agreement, however, the two governments are expected to give the pact some measure of immediate application.

Under the treaty suspected smuggling craft under the British flag would be liable to search and seizure if intercepted anywhere within an hour's sailing distance of shore, the speed of the suspected vessel being the measure of distance in her case. In return for this aid in prohibition enforcement, the United States would grant to British ships the right to carry sealed stores of ship liquors within American waters anywhere on the same terms that such liquors now pass through the Panama Canal. It is to run for one year at the end of which period it can be terminated on three months notice.

A summary of the treaty shows a provision not previously disclosed under which British vessels improperly detained or searched would be compensated for any loss or damage resulting.

Such cases would be referred to a joint commission for adjudication.

Signing of the treaty which officials hope will pave the way for breaking up the rum fleets off the American coasts and also eliminate causes of irritation between the two countries with respect to ship liquor matters and the seizure of British suspected craft, was the last official act of Ambassador Geddes. The ambassador called afterward at the white house to present his letters of recall. He sails for home Saturday. The liquor treaty is expected to be sent to the senate immediately.

The treaty with Great Britain is one of the forerunners of similar pacts with all maritime powers.

## LEWIS DEFENDS HIS ACTION DISSOLVING CHARTER OF MINERS

### Radical Move to Reinstall Ousted Officers is Lost

INDIANAPOLIS, Ind., Jan. 23.—(A. P.)—Cries of "let's go home" and "we're done" by radicals tonight ended the second day's session of the United Mine Workers' convention in confusion. Radical delegates had mustered only 421 votes for their proposal to reinstate the deposed district officials of Nova Scotia. The vote was on their demand for a roll call, for which a thirty per cent vote was necessary.

It failed by about 150 votes.

President John L. Lewis had concluded a defense of his action in dissolving the Nova Scotia charter which had been recommended in the report of the resolutions committee read by Percy Tellow, international representative at Charleston, W. Va., and the vote was on a motion to concur in the committee's report. A howl of derision arose from administrative supporters at the small showing of hands held up by radicals in demanding a count.

While President Lewis passed the stage, still breathing hard from the exertion of his strenuous attack on the former Nova Scotia officials, Vice-President Phillip Murray took the chair. He pounded for order without effect for ten minutes, while the radicals continued threats of a walkout, and cries of "we'll remember you Phil!"

After the announcement of the count of only 421 votes for a roll call, recognized Sec. Wm. Green for announcements and then yelled that the convention was adjourned. Still muttering imprecations radical delegates left the hall.

## ANDERSON ORDERED MONEY TRANSFERRED

NEW YORK, Jan. 23.—William H. Anderson, state superintendent of the Anti-Saloon League gave written instructions for the transfer on the organization's books of financial transactions which form the basis of the forgery charge against him, a jury before Supreme Court Justice Tompkins was told today.

The testimony was offered by William M. Potter, head bookkeeper of the league who identified a note instructing him to make the transfer as having been signed by the league head.

Potter further testified that Anderson had "paid to himself" \$3,875 in checks which he had ordered drawn against the salary account.

Quentin Phillips former fund solicitor for the league testified regarding commissions paid.

## INVESTIGATION OF TEAPOT DOME NOW IN SENATE

### Sensational Charges are Made on Floor During Hearing

WASHINGTON, Jan. 23. (AP)—Teapot Dome discussion was brought out of committee room today to the floor of the senate where charges even more sensational than those made by witnesses at the inquiry were lodged by senators.

Senator Walsh, Democrat, Montana, concluded the more than three hours' debate with formal notice that he would ask the committee to recommend a resolution advising the president to institute proceedings for the annulment of the Wyoming naval oil reserve lease to the Sinclair interests by former Interior Secretary Fall.

Moreover, the senator said, he would ask the committee to include in the resolution a provision for the employment of special counsel to prosecute the case independent of the department of justice by reason of the widespread "suspicion" throughout the country against Attorney General Daugherty.

Senator Walsh said he was not prepared to say whether this suspicion was a fault or a misfortune of the attorney general. He added that he felt certain Mr. Daugherty would be glad to have his department relieved of the matter in view of his long friendship for Fall and their service together in the cabinet. Senate discussion came up on a demand by Senator Caraway, Democrat, Arkansas, for immediate action on his resolution proposing cancellation of the Teapot Dome lease. A vote on his motion to discharge the investigating committee from further consideration of the resolution went over however, on a point of order.

Renews Charges

Senator Caraway renewed his charges of corruption against Fall and reiterated that Edward B. McLean, Washington News-Paper publisher knew he "was not telling the truth" when he advised the committee that he had loaned Fall \$100,000, the sum the former secretary said he had taken from Washington to Texas to use in enlarging his New Mexico ranch holdings. Turning his broadside on G. D. Wahlberg, secretary to Harry F. Sinclair, Senator Caraway declared he had made good the explanation which Archie Roosevelt, son of the former president said Wahlberg had pressed to him that "they would ask him to lie" about certain matters.

As the debate proceeded there were suggestions from Senators King of Utah and McKellar, Tennessee, Democrats, that Secretary Denby should be asked to resign because he signed the leases.

Senator Hoffman, Democrat, Alabama, renewed his notice that there would not be a "white wash" in the Teapot Dome matter.

As the debate proceeded Republican members of the investigating committee made known privately that when Mr. Fall appears before them Friday they will insist that he disclose fully the source of the \$100,000 fund he took from Washington after his resignation from the cabinet.

These members said the committee would not be content until it had fully substantiated all statements regarding this fund by corroborating evidence, including an examination of the checks and securities used by Fall in raising the money as well as the notes or other securities given by him for the loan.

## PINCHOT NOT TO BE FORMAL CANDIDATE

HARRISBURG, Pa., Jan. 23.—Announcements designed to bring harmony into the ranks of the Republican party in Pennsylvania were forthcoming here today from leaders of the administration and opposition. Speaker Goodenough, of the state house of representatives mentioned as probable campaign manager for Governor Pinchot in the primary made it clear a meeting with the governor that Mr. Pinchot would not be a formal candidate for president and would not seek instructed delegates from Pennsylvania to the national convention next June.

## FASHIONABLE DISTRICT RAIDED BY AGENTS

New Orleans, La., Jan. 23.—Invading New Orleans' fashionable residential district bordering Audubon Park, federal prohibition enforcement agents today raided the home of Peter Fabacher, former restaurant proprietor, and seized liquors valued at \$100,000.

## Miss Lape Testifies In Bok Plan Hearing

WASHINGTON, Jan. 23.—The League of Nations was brought promptly to the fore by Senator Reed of Missouri, a league irreconcilable, in the senate committee investigation today of the Bok peace award. The discussion resulted in sharp exchanges between Senator Reed and his Democratic colleague, Senator Caraway of Arkansas and frequent protests from Miss Esther Evered Lape, member in charge of the policy committee of the award and the only witness heard.

Miss Lape objected to what she regarded as intimations in questions by Senator Reed, that the selections of the members of the policy committee and the jury of award had been influenced by their attitude toward the league. Senator Reed asserted there were no such intimations, but Senator Caraway disagreed with him.

Senator Reed wanted to know Miss Lape's attitude toward the league and was told that she did not favor the league in its present form. Then the senator took up the attitude of the other members of the policy committee.

Miss Lape several times reiterated that the league question had in no wise entered into the selection of the members either of the policy committee or the jury of award.

Questioned about the attitude of Elihu Root, chairman of the jury of award, Miss Lape said she knew he favored the league but that she did not know it at the time of his selection by Edward W. Bok, donor of the \$100,000 world peace plan prize.

With respect to the positions of Major General James G. Harbord, Ellen F. Pendleton and Roscoe Pond, other members of the jury, on the league subject, Miss Lape said she did not know at the time of their selection nor does she know now.

"Naturally, as a matter of history, I knew his attitude," she said with respect to E. M. House, one of the American peace commissioners at Paris.

She declared that she knew, of course, that Brand Whitlock, ambassador to Belgium in the Wilson administration, was "pro-league" but that she did not know the attitude of William Allen White when he was selected. She has since learned, she said, that he previously had favored the league.

"Did you know that John W. Davis was a supporter of the League?" asked Senator Reed.

"I did," was the response.

With respect to Federal Judge Hand, former Governor Miller of New York and William H. Johnston, other members of the committee, Miss Lape said she did not know their selection and does not know if now. She said she knew Mrs. Gifford Pinchot had been interested in the league and that she had heard Melville E. Stone say he was "interested in the league," but insisted she did not know his present stand.

Miss Lape testified that she did not know the views of Cornelius N. Bliss, Jr., and Mrs. Ogden M. Reid, the other members of the committee but added that she did know that the New York Tribune of which Mr. Reid is editor, had favored the league some years ago.

## SEC. HUGHES ASSERTS OUR AID IN MEXICAN AFFAIR HELPS PEACE

### Looks for Future Unity Between American Republics

NEW YORK, Jan. 23. (AP)—The policy of the Coolidge administration in dealing with the Mexican revolutionary movement was described by Sec. B. McLean, Hughes, in an address here tonight as "the greatest contribution directly within our power, and in accord with our established traditions and manifest interest to the cause of world peace."

"This hemisphere should be the exemplar of peace," Mr. Hughes said, "and we look with confidence to the creation of a unity of sentiment of the American republics against resort to the brutal arbitrament of force in political controversies. To this end the United States gladly gives its cooperation."

Speaking under the title "Recent Questions and Negotiations" before a meeting of the council on foreign relations, purposes of the liquor treaty with Great Britain, signed today in Washington, and explained why the administration considered it necessary to give up extra territorial rights in negotiating the new treaty with Turkey.

"On the Mexican situation the secretary said:

"It is not a revolution in strict with the aspirations of an oppressed people; it is a matter of personal politics. It is an effort to seize the presidency; it means a subversion of all constitutional and orderly procedure. The contestants, seeking to overthrow the established government have taken possession of certain portions of the Mexican territory and either are claiming tribute from peaceful and legitimate American commerce or are attempting to obstruct and destroy it."

## BREAK FARMER'S BACK AND FIRE HIS HOME

WARRENSBURG, Mo., Jan. 23.—Charles McReum, a farmer, was in a hospital tonight as a result of injuries he said were inflicted by four men who went to his home early today, broke his back and set the house on fire.

Said several months ago four men went to his house and asked where his wife, from whom he was separated, was living. He told them she was living in Davenport, Ia.

The men came back early today, McReum said and declared he had not told the truth about his wife's whereabouts. Then two of them seized him, he said and bent his back until he fainted from pain. When he recovered consciousness, he said, he found the house on fire. He dragged himself into the yard. The house was burned.

## DEMOCRATS FAIL TO CONSENT TO TAX COMPROMISE

### Will Not Yield on Plans as Laid Down in Their Bill

WASHINGTON, Jan. 23.—The offer of Republicans of the house ways and means committee to compromise with the Democrats and work out a non-partisan tax bill remained unaccepted tonight by the Democrats while the committee proceeded with the consideration of the miscellaneous rates, using the Mellon plan as a basis.

Representative Garner, Democrat, Texas, said his party would not yield on the rates outlined in the Democratic tax revision plan of which he is the author until the Republicans had proposed definite terms of compromise.

Chairman Green of the committee indicated that while consideration of the new rates would be continued in full committee it was possible the majority members might decide upon a schedule among themselves, which could be adopted by majority vote in committee.

Side-tracking temporarily of the Mellon bill by the Republicans came prior to the first consideration of the new tax rates by the whole committee. Mr. Green asked Mr. Garner if the Democrats intended to support only their program for tax revision.

At the suggestion of Representative Hull of Tennessee, who is chairman of the Democratic National committee, Mr. Garner asked the chairman if the Republicans intended to support in whole the Mellon proposals.

In Second Till

A second tilt arose when the Republicans proposed a program of procedure by which the miscellaneous taxes would be considered first, postponing until the last determination of the income rates.

Representative Garner urged that the rates be considered in the order in which they came in the bill which would bring the income taxes up first. The Republican program was adopted on a party vote with Representative Frear, Republican, Wisconsin, dissenting.

The proposal for increased exemption for earned incomes and the community tax provision of the Mellon plan will come up next before the committee.

Considerable attention was given to repeal of the tax on theater admissions, which Secretary Mellon recommended be completely eliminated. Several proposals for repeal or reduction of such taxes were made in committee under 25 cents, some to those under 5 cents and some only to those of more than \$1.50.

Other motions called for repeal of the taxes on candy, automobile trucks and accessories, telephone and telegraph messages, alcohol and practically every other article suggested for exemption before the committee at the public hearings last week. Action of these proposals will be taken this week, Mr. Green said.

## PRESIDENT PROMISES TO HELP PORTO RICO

WASHINGTON, Jan. 23.—The delegation sent to the United States by Porto Rico to seek modification of the island's organic governing act received from President Coolidge today an offer of assistance and a declaration of hope for success.

The delegation, accompanied by Governor Towner and introduced by Secretary Weeks, presented to Mr. Coolidge an appeal for changes in the organic act which would allow Porto Rico to legislate on local matters and elect her governor. The same appeal, together with a declaration that the time had come when the Porto Rican people might be entrusted with management of their own affairs, also was presented to the senate and house.

The president made no definite promises, telling the delegation that "your lot in the future will depend entirely upon your actions in the present."

"Our country seeks no benefit from Porto Rico, but is concerned with it solely as a trustee for the welfare of the people of the island," he said. "Our sole desire is so to act as to be helpful to the people of Porto Rico and assist them in developing a stable form of self government."

## DINES CASE WITNESS HAS INJURED SPINE

LOS ANGELES, Jan. 23.—Mrs. Edith Burns, who described her relationship to Mabel Normand, film actress, as "night nurse," secretary for the actress and "a little of everything," in the Normand domestic violence identified as Miss Normand's property the pistol with which Horace A. Greer, the Normand chauffeur is charged with shooting Courtland S. Dines New Year's night.

Miss Normand, previously testifying, said she was unable to identify the little .25 caliber weapon as her own, although she admitted having possessed such a pistol.

Mrs. Burns gave her evidence today in a special session of Judge J. Walter Hanly's court held at her bedside. An injured spine, occasioned by a fall, according to her physician, prevents her attendance in court.

Elmer Nicholson of the Savage neighborhood transacted business in the county seat Wednesday.

## LENINE'S BODY NOW LIES IN STATE WITH THOUSANDS VIEWING

### Many Who Passed Loved Him While Others Carried Hate

ASHINGTON, Jan. 23. (AP)—The body of Nikolai Lenin, Bolshevik premier and probably the greatest rebel of this or perhaps any other generation, against the system of society built up by the ages, lay tonight in a silver trimmed casket in the House of Unions in Moscow.

Tens of thousands of persons marched silently past the bier to take a last look upon the face of the man who led the communist revolution which turned topsy turvy the lives of the people of a nation of 130,000,000 and left its mark in nearly every corner of the globe. Some of those in the column, some stream passing by the casket perhaps had followed and loved Lenin while others must have hated him, but there was almost dead silence and solemnity in the great hall.

From early morning when lines of soldiers with fixed bayonets, and policemen, etc., blished a cordon along the streets thru which the body of Lenin was to pass on its way from the railway station to the house of unions, the crowds waited in the snowy zero weather behind these human barriers.

This evening the great crowd waiting outside the building was permitted to enter. Silently and in orderly fashion the people passed by the catafalque, each person obtaining a momentary glance at the face of the premier. Lenin was dressed in a grey brown suit. His wax-like face bore few marks to indicate the suffering thru which he had passed. His lips had sunk, as if his head had been soaked in natural wax in life.

In Moscow, the national flags of nations which have recognized the soviet government, or have established relations with it, hung at half mast over embassies, legations and the headquarters of missions.

## STATE DEPARTMENT EVIDENCE FINISHED IN SOVIET HEARING

### Officials Have Established Three Elements in Case

WASHINGTON, Jan. 23.—The state department concluded today for the time being at least, presentation of evidence in support of its policy on non-recognition of the Russian soviet government before the senate foreign relations sub-committee considering the recognition resolution of Senator Borah. The chairman then deferred hearing further testimony for a few days.

The American Federation of Labor, United Mine Workers of America and other labor bodies are scheduled to furnish the next testimony in the inquiry this evidence to relate to communist work in the ranks of American labor.

State department officials told the committee in conclusion today that they had established three basic elements in their case. These were, first, communist control of the Russian government and the Third Communist Internationale, second, close working relations under orders from Moscow, between the Russian communist and subordinate American communist groups, and third, extensive communist enterprises and activities in this country directed from Moscow headquarters. The officials contended that over throw of capitalist governments, including the American, by violent and armed revolution of the proletarian workers was the outstanding and common objective of the communist movement here and abroad.

## COLVIN ACQUITTED FOR LEAVING BOAT

SPRINGFIELD, Ill., Jan. 23.—Charles S. Colvin, river pilot, charged with deserting his ship on the Illinois river near Liverpool, was acquitted here late this afternoon in federal court when Judge Louis Fitzlenty held that would not stand under the section of the federal law on which it was based.

Colvin was alleged to have quarreled with the captain, deserted the ship and it was charged refused to take the craft to a landing place.

## CIVILIANS MUST NOT SELL CRAFT FOR USE IN WAR

### Forbidden to Dispose of Ships to Mexican Government

WASHINGTON, Jan. 23.—Sale to the government of Mexico by American citizens of vessels intended to be added as fighting craft to the Mexican navy would be in spirit if not in letter a violation of the conception of the treaty obligations of the United States, in the view of administration officials. This attitude is understood to have been clear to the Mexican city government and is expected to result in dropping negotiations with private American ship owners for the purchase of vessels which the Mexican government plans to use against rebel gunboats. The original desire of the Oregon government was to purchase from the government of the United States not only army equipment but several light naval craft of gunboat or destroyer type.

The Washington naval limitation treaty however, specifically forbids the signatory powers to dispose of any war craft in any manner which will permit them to become a part of the naval forces of any country. Several elements in the Mexican situation moved toward adjournment today. Consul Wood of Vera Cruz not only reporting that the Tampico blockade had been lifted but that orders for the removal of all names and obstructions from the ports of Frontera, Puerto Mexico and Vera Cruz had been issued by the revolutionary authorities at Vera Cruz. It is known that agents of the Mexican government have searched the harbors of the United States for private owned vessels suitable for their naval purposes.

Inquiries from the owners of ships which the Oregon government has sought to buy have been received by the Washington government asking that it indicate its attitude relative to such sales.

Included in the available craft now privately owned are numerous old destroyers, gun boats and cruisers stricken from the United States navy lists within the last few years and sold at auction. The sales contractors prior to the arms conference imposed no restriction which would have prevented resale to Mexico or any other government. No legal barrier now exists to such sales, although the naval vessels which have been sold since the arms conference have all been disposed of under the stipulation that they must not be transferred without the sanction of the Washington government in any way that would permit their being used as war craft by other countries.

If the Washington government in response to any inquiry sent immediately to Consul Wood is informed that the lifting of the Tampico blockade is permanent, American war craft will be withdrawn from the vicinity of that port. In revolutionary circles here, however, it was learned that the rebel leaders had in mind rather a change in form than an abandonment of their blockade plan. Orders to the rebel gunboats it was said would be to warn merchant vessels that they would pass at their own risk between the war vessels and the shore targets of bombardment by ship guns.

## MRS. HARDING WILL BE ASSOCIATE EDITOR

MARION, O., Jan. 23.—Mrs. Warren G. Harding is to become an associate editor of the Marion Star and plans to write over her own signature for the newspaper which her husband conducted for 35 years.

This was revealed today in a letter received from Mrs. Harding at Washington, accepting her election as director of the Harding Publishing Company, publishers of the Star.

## A THOUGHT

The heart of the wise is in the house of mourning; but the heart of fools is in the house of mirth.—Ecclesiastes 7:12.

We are governed by spirit, and the extent of our civilization is determined by that of our spirit.—Hazlitt.

That is a good idea, having national spirit, but all through the year, spirit cannot be taught nor practiced to any extent in a seven-day period.

Prices paid at several recent farm sales indicate a return of satisfactory condition on Morgan county farms. Average up those prices and they show a decided increase by comparison with the same time of year of two years.

The world does not know today all the facts about these events in Russia, but does know enough to characterize it as the most ruthless and bloody in history. It remains to be seen who will ascend to power in Russia, whether any great leader will appear to help the country and its suffering people. It was a day for Russia when the rule of the Czar ended.

It is said that when the airship Shamandoch was torn from a high mooring during a recent storm, she would have been destroyed had not those on board instinctively turned to the levers and released the ballast. An experience like this, raises the question how the ordinary person can show presence of mind in an emergency.

Emergencies are unusual, and one can't practice up for them in advance. It is so unusual for one's house to get into that in such a case a flighty person might throw the fancy clock out of the window and carry the pillows down stairs. But if people do things patiently and carefully all along, they are apt to do the right thing in a pinch. The automobile driver who is careful to do the right thing in every situation, will probably act right by instinct when confronted with an unusually critical mix-up.

## LONG, LONG AGO

NEA

Night-riders, attention: Tarring and feathering was invented by Richard Coeur-de-Lion, King of England, about 750 years ago. He ordered that any sailor convicted of theft should "have his head clipped and hot pitch poured upon his pate, and upon that the feathers of some pillow or cushion shaken aloft."

You use the expression, "That's a feather in his cap." Do you know what it means? Some 500 years or more ago, the Hungarians had a custom by which a man couldn't wear a feather in his cap unless he had killed a Turk. A feather for every Turk, like notes on a gun.

In 1791, French slavers coined an expression, "What will the frogs say to this?" Spread like wildfire, the public applying it to all ridiculous or absurd proposals. That's the origin of calling the French "Frogs."

In olden times, when a man lost his right arm in battle he was so incapacitated that he had to have a servant accompany him to take the place of the lost hand. This originated the saying, "He's my right-hand man."

Heels were put on shoes to prevent a horseman's foot slipping in the stirrup. Buttons on the coat cuff date back to Frederick the Great, who put sharp buttons there to stop soldiers using their cuffs as handkerchiefs. The wedding ring originally symbolized a chain.

So it goes. Thousands of the things we use and things we say and are remnants of a long forgotten past. Habit keeps them alive, even though their real meaning is as obscure as their origin.

## TIPS FOR TAXPAYERS

No. 21

Income from dividends form a considerable item in the aggregate income of many taxpayers. A dividend, for the purposes of the income-tax law, is any distribution, whether in cash or property, made by a corporation to its stockholders, or members out of its earnings or profits accumulated since February 28, 1913.

A dividend is income to the stockholder as of the date when the cash or property is unqualifiedly made subject to his demand. For example, a corporation may declare a dividend payable Dec. 30, 1922, for which the stockholder did not receive his check until Jan. 1, 1923. The dividend is a part of his 1922 income.

Dividends received by an individual stockholder are exempt from the normal tax, but subject to the surtax, the reason being that the corporation which declares the dividend is subject to the normal tax on earnings out of which it is paid. Accordingly, dividends must be included in gross income, but they may be deducted as a credit in computing the normal tax.

Dividends of interest not in excess of \$300 received by individuals during the years 1922 to 1924, inclusive, from domestic building and loan associations, operated exclusively for the purpose of making loans to members, are exempt from both normal and Lortax.

## BERTON BRALEY'S DAILY POEM

## SUPERIORITY

BY BERTON BRALEY

THERE'S no one so so humbly That he can't, now and then. Call some one else a "dumbbell" Among his fellow men. The highbrow waxes sore on The brow of low degree. The moron scorns the moron Who's stupider than he.

NO bonhead is so stolid That he can't, somewhere, find Somebody's head more solid. Some bird more dull of mind. In country and in city. We all are looking for Somebody we can pity As our inferior.

THE gink at whom we chortle, "He's such an ivory dome," Can find some other mortal To call "nobody home!" There's no one so so humbly That he has never met. Somewhere another dumbbell Who's even dumber yet.

## HIGH SCHOOL CLUB PRESENTS PLAYS

Old Time Stories Cleverly Portrayed by High School Girls Under the Auspices of Minnetonka Council

The plays, "Sleeping Beauty" and the burial scene from "Julius Caesar" were given last night by Group Two of the High School Girls' club under the auspices of the Minnetonka Council, No. 71, Pocahontas Lodge in Odd Fellows' Temple on West State street.

"Sleeping Beauty" dramatized from the well known fairy tale retains the charm as a play that makes it one of the most popular of the mythical stories and the manner in which it was staged by the Girls' club at last night's performance met with hearty response from the audience. The cast included the following girls:

The King—Vivian Sturgeon.  
The Queen—Alta Crum.  
The Princess—Lena Buchanan.  
The Prince—Bernadine Siebert.  
The Jester—Marie Roberts.  
Bad Fairy—Lucy Moore.  
Good Fairies—Helen Phelps, Helen Button, Grace Wiley.

Pages—Elizabeth and Edward Allen.  
The burial scene of "Julius Caesar," a modernized version, cleverly burlesqued, proved equally as interesting to the audience.

The cast was as follows:  
Mark Antony—Alma Lindsay.  
Octavius—Marie Roberts.  
Brutus—Mary Louise Roberts.  
Citizens—Helen Button, Lucy Moore, Grace Wiley, Verbal McFarland, Irene Keckner.

In addition to the above program the following numbers were given:  
Violin solo—Alta Crum.  
Vocal solo—Vivian Sturgeon.  
Reading—Helen Phelps.  
Solo dance—Helen Button.  
Reading—Marie Roberts.

Proceeds of the evening will go to the Girls' Club fund of the High school. Miss Delia Thompson is faculty advisor of Group Two, with Miss Vivian Sturgeon, monitor of the group. Miss Lena Buchanan was in charge of the plays assisted by Miss Garna Phelps. The hostesses for the evening were: From the lodge, Mrs. J. W. Eaton, Mrs. Audrey Martin and Mrs. E. B. Sturgeon, from the Girls' club, Vivian Sturgeon, Lucy Moore, Helen Phelps, Lena Buchanan and Mary Louise Roberts.

Following the program the members of the lodge and guests enjoyed a social hour with dancing as the feature of the entertainment. Music was furnished by the Morris Melody Flends. At a late hour refreshments were served.

## SCHOOL CLINIC HOLDS

CHILD EXAMINATION

A very successful Diagnostic School clinic was held yesterday morning at the Josephine McGowan school, when 32 children were examined by Dr. Walter L. Frank.

A number of children will enter the school for health supervision at the beginning of the second semester, and some who are students at the school are sufficiently improved to be dismissed.

Miss Maude Ryman, school nurse, and superintendent of schools, B. F. Shafer, were in charge of the clinic.

## TO CONDUCT INSTITUTE

Dr. Wallace N. Stearns leaves tomorrow for New Canton, where he will conduct a week end institute under the auspices of church officials of that city. Dr. Stearns' ability as a lecturer is well known and the success of past institutes which he has directed, assures the success of this one.

The program which he will observe, follows:  
10:45—Morning service, James. What is Religion?  
2:30—Workers' conference. Discussion of some phases of Religious Education with reference to the local work. What can we do to help the church?  
6:30—Young People's service.  
7:30—Illustrated lecture, "Under Syrian Skies."

Mrs. Laura Swank was a city shopper from Ashland, Wednesday.

## DEATHS

Oversch

Mrs. Charles W. Brown received word yesterday of the death of her little granddaughter Barbara Ann Oversch. The little girl was the daughter of Mr. and Mrs. Harry Oversch and was four years old at the time of her death having suffered from spinal trouble. Besides her parents she leaves one brother, two years old, Harry Oversch. Funeral services will be held from the residence at Lafayette, Indiana, on Friday afternoon. Interment will be made at Lafayette.

Anderson

Joseph C. Anderson died at 2 o'clock Wednesday morning at his home near Clements Station. He was 57 years and six months old at the time of his death, and had resided in the Clements neighborhood for a number of years.

He is survived by his widow and six children, as follows: John, Clayton, Mary Louise, Rose and Helen Anderson, all residing in the vicinity of Clements. He also leaves one grandchild, Robert Edward Anderson.

Funeral services will be held from Sacred Heart church at Franklin at 9:30 o'clock Friday morning, with interment in Sacred Heart cemetery.

## MATRIMONY

Henry Kalbert and Miss Letha Slagle were united in marriage at the Baptist parsonage, Rev. A. P. Howells officiating, Wednesday afternoon. They were attended by Mr. and Mrs. Howard Curtis.

The bride is the daughter of Mr. and Mrs. Charles Slagle of Winchester and has lived most her life in that community. The groom is the son of Mr. and Mrs. Charles Kalbert of Arenzville and is a farmer by occupation.

## FUNERALS

Cox

Funeral services for Richard Cox of Waverly were held Wednesday afternoon at 2 o'clock from his home, in that city.

Mr. Cox, whose death occurred Tuesday following a prolonged illness, is survived by two sons, and a daughter, Mrs. Johnson of Dixon, Ill.

Interment was in East cemetery of Waverly.

## WITH THE SICK

Miss Harriett Andre is confined to her home at 610 Grove street with illness.

Mrs. J. Ralph Brown of East College avenue has recovered from a week's illness.

## HAD DONE GREAT WORK IN SOUTHWEST

R. F. Asplund Pays Tribute to the Late Harold Brook—Both Men Well Known Here

Mention has already been made of the recent death of Harold Brook, formerly of this city, in Las Cruces, N. Mex. Papers from that area just received in Jacksonville give a further idea of the prominence of this former citizen and the large place that he had in the development of irrigation work in the great southwest.

The Rio Grande Farmer, published at Las Cruces, announced the passing of Mr. Brook with a headline across the front page which read: "Whole Valley Mourns Death of H. H. Brook," and the statement of his life and work covered more than five columns. The opening paragraph read in this way:

Harold H. Brook has gone, leaving behind him a record of service such as it is given to few men to perform in a period of time far longer than that which he spent among the people of Dona Ana county.

Seldom has a man belonged to a community as Mr. Brook belonged to Dona Ana county. It may be said that he literally gave his life to the community. He waged for 20 years a courageous fight against ill health. For many years he knew that it was a hopeless fight. He knew that every ounce of strength he wasted made the fight more hopeless, but in spite of this knowledge he threw his whole energy into the projects that he had undertaken for the benefit of the farmers of Dona Ana county. He remained, as he wished, virtually in the harness to the end.

Rupert F. Asplund, a former resident here and a graduate of Illinois college, has for a number of years been resident in New Mexico and is now director of the Taxpayers' association of New Mexico. In his work Mr. Asplund came intimately in contact with Mr. Brook, who was a member of the executive committee of the association.

In writing to a friend about Mr. Brook's work Mr. Asplund said:

"My dear Mr. Lester: The death of Harold H. Brook has brought a shock to me personally and to the members of the executive committee of the Taxpayers' Association of New Mexico. In expressing my grief, I am sure that I am expressing the sentiment of all the members of the Taxpayers' Association. Mr. Brook attended the same college from which I graduated, though I did not know him personally until after his arrival in New Mexico. His activities in the vicinity of Santa Fe in spite of his great handicap of ill health won for him a deserved respect. Those who have known of his work in the Rio Grande valley as the head of the Elephant Butte District recognize in his able management and in his breadth and distance of vision an outstanding ability which is seldom equalled. His contribution to the development of citizens' interest and participation in government sets an example for all patriotic men and women. During the two years during which he was a member of the executive committee of the Taxpayers' Association of New Mexico, his common sense and clear insight and to the problems of taxation in this state were of the highest value in the direction of our activities.

"These few words are, I feel, an entirely inadequate expression of regret for the early passing of Harold H. Brook, but New Mexico can well feel proud of a man who in a few short years accomplished what the majority of us can only dream of accomplishing even if we live to the maximum age of four score years allotted to us. Brief and inadequate as this expression may be, will you kindly convey our deep and heartfelt sympathy to Harold's family and his friends in Dona Ana county.

"Very sincerely yours, R. F. Asplund, Director."

FILES DIVORCE SUIT  
A suit for divorce was filed in the office of Circuit Clerk F. E. Wanamaker yesterday in which Verne R. Johnson seeks divorce from Velma Lindsey Johnson on a charge of desertion. The bill sets forth that the couple were married on the 24th day of December, 1914, and that they lived together until the 24th day of September, 1921, when the defendant deserted the complainant and has refused to live with him since. Arthur W. Littenstein is the solicitor for the complainant.

Mrs. Frank Yeck and Miss Susie Campbell of Naples were shoppers in Jacksonville yesterday.

J. F. Jones of East St. Louis will speak on "Co-Operative Marketing," at Luncheon-Meeting of Joy Prairie Shipping Club, at Peacock Inn tomorrow (Friday), twelve o'clock, noon. Members will be guests of Mr. Jones on this occasion.

William Stout of Chapin was a business caller in Jacksonville Wednesday.

## MANCHESTER CLUB MEETS WEDNESDAY

Woman's Club Held Interesting Session at Home of Mrs. T. D. Fawcett—Other Manchester News.

Manchester, Jan. 23.—The Manchester Woman's club held a meeting Wednesday afternoon at the home of Mrs. T. D. Fawcett, with sixteen members present. An interesting program was carried out as follows:

BRIEFS

(By the Associated Press)  
Joliet, Ill., Jan. 23.—Oscar Wembel and Joseph Heinz, president and secretary respectively of the Citizens Brewery of Joliet, entered the Chicago house of correction last night to start serving sentences of one year imposed on them in 1922, by Federal Judge Page of Chicago for contempt of court.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write me, Eugene M. Pullen, Carpenter, 231 K. Marcellus Avenue, Manassas, N. J., I will cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Do You Suffer With Cough or Weak Lungs?

Here is Something Worth Reading

Champaign, Ill.—A few years ago I suffered an injury thru having a heavy wagon pass over the chest. After that my lungs were weak and my bronchial tubes were sore and in a congested condition all the time. I had a severe cough. I finally decided to give Dr. Pierce's Golden Medical Discovery a trial and it did me more good than any medicine I had ever taken from the doctors. It put me on my feet and I was able to go back to work and felt quite as well as ever.

ing ranged from zero to 10 degrees below. Snow tomorrow is probable in Illinois.  
Edwardsville, Jan. 23.—Gus Zedler, paroled convict, bank robber, recently convicted of a charge of assault with attempt to kill in connection with the \$16,000 bank robbery at Madison, has been denied a new trial by Circuit Judge Bontrout.  
Ottawa, Ill., Jan. 23.—Charlie Roth, American, and former Western Three Eye League ball player and now a catcher in semi-pro baseball and Genevieve McLaughlin were married today.  
Springfield, Jan. 23.—Application for permission to sell \$14,000 of the common stock of the Commercial and Company, Chicago, was filed by the company with the Illinois Commerce commission today.

Springfield, Ill., Jan. 23.—Gilbert S. Gless of Edwardsville was appointed Public Administrator of Madison county today by Governor Small, to succeed Frank Sanders, whose term has expired, according to an announcement made at the governor's office this morning.  
Harrisburg, Pa., Jan. 23.—Reports that Governor Pinchot would be a candidate for president were disposed of by Speaker Goodnow of the Pennsylvania house after a conference with the governor today, by the statement that "for some time it has been known among the governor's friends that he would not be a formal candidate for president and would not ask for instructed delegates from Pennsylvania."

Washington, Jan. 23.—An offer by the Union Carbide Co., of New York to manufacture fertilizer at the Muscle Shoals plant was transmitted to congress today by Secretary Weeks.  
Washington, Jan. 23.—Influenza and pneumonia caused an increase in the death rate of the country for 1922 fatalities from those diseases having jumped from 99.8 per 100,000 of population in 1921 to 133.5 in 1922. The death rate from all causes was placed in census bureau figures published today at 11.8 per 1,000 population in 1922 as compared with 11.6 in 1921.

New York, Jan. 23.—Bishop W. T. Manning of the Protestant Episcopal diocese of New York, today received a letter from Dr. W. N. Guthrie, rector of St. Mark's in the Bowdrie refusing compliance with or rejection of the bishop's demand that symbolic dancing in St. Marks be discontinued.  
Pottsville, Pa., Jan. 23.—A mother and her four daughters ranging in age from one to 16, were burned to death in a fire at Middletown today, when their home was almost completely destroyed. Andrew Harvill, the father, was severely burned.

COOLIDGE SENDS MESSAGE GIVING PLAN ON RELIEF

(Continued from Page 1)

ent insured in which to work out the necessary conversion of their methods and it would be useless to give this group such governmental assistance as it is to be only for purposes of immediate seizure by the creditors. Such legislation therefore will be of little avail unless arrangements have been effected between the farmer and his creditors, by funding of past due indebtedness and interest, by similar means so that the loans will insure to the benefit of the farmer himself, instead of merely to the benefit of his creditors. If such arrangements can be made, the farmer can be given the opportunity to work his way out of the present difficulties. If they are not made, it is difficult to see how he can benefit from the plan.

"In addition to legislation of this character, coupled with the agreements which I have mentioned looking to the refunding of past due indebtedness, it is necessary to consider whether any steps can be taken to bring financial aid to certain limited areas of the northwest in which embarrasments and failures among country banks have added to the hardships of the farmers. The war finance corporation is still functioning but its authority to make new loans expires, March 31. I recommend that congress extend till December 31, the time during which loans can be made by the corporation and grant some extension of the period for which loans heretofore can be renewed.

"It appears to me that it is essential that the large business concerns such as transportation, the more stable banks, not only in this territory but in adjoining states who necessarily benefit from the prosperity of these areas should in their own interest extend a very large measure of aid in remedy of this situation, and that creditors ever further afield, such as our insurance companies and others should co-operate fully.

"In those agricultural sections in which numerous bank failures have contributed to the distressful conditions, it must be recognized however, that there is a distinct limit to the scope of the assistance the federal government can render. Government agencies cannot properly make loans on insecure collateral, or to banking institutions whose capital is impaired. In certain sections a more drastic remedy may be necessary. It may be necessary to have a well organized and extensive scale, to provide systematically for the restoration or strengthening of the capital resources of the country banks and financing institutions necessary to the proper service of the farmer.

"It may be found to be advisable to create new financing institutions such as have been organized with great success in the livestock territory to co-operate with the War Finance Corporation. The government cannot supply banking capital, nor can it organize loan companies, but it can properly call on those large business concerns, the railroads, the mercantile establishments, the agriculture supply houses and all those large business establishments whose welfare is immediately connected with the welfare of the farmer. It can ask them in their own interest as well as in the interest of the country to co-operate with federal agencies in attacking the problem in a large way.

"I have therefore directed the secretaries of commerce and agriculture and the managing director of the War Finance Corporation to confer with representatives of the interested groups to devise a practical plan of action."

Reading of the president's message in the senate and house brought no immediate reaction except a declaration from Sen. to Brookhart, Republican, Iowa, that he had pointed out six months ago the coming of such a situation as now existed.

**DENBY SAYS NAVY NOT REFORM SCHOOL**  
Kansas City, Jan. 23.—In a letter to the Kansas City Star, today Secretary of the Navy Denby criticized adversely a jury which acquitted a Kansas City youth of a robbery charge and advised him to enter the navy and to reform.

"The navy is not a reform school nor a place of refuge for men convicted or acquitted of crime in civil life," Mr. Denby wrote. "I am surprised any jury or any judge should consider it wise or desirable to attempt to so use the service."

ASSOCIATED PRESS NOMINATE DIRECTORS

CHICAGO, Jan. 23.—At a meeting of the nominating committee of The Associated Press here today, the following five directors whose terms expire in 1924 were nominated as candidates to succeed themselves:  
Victor F. Lawson, Chicago Daily News; W. H. Cowles, Spokane Spokesman-Review; Frank P. McLenahan, Topeka State Journal; E. Lansing Ray, St. Louis Globe Democrat; Frederick I. Thompson, Birmingham Age-Herald.

It was voted also to nominate for directors the following: Ralph H. Booth, Saginaw, Mich., News-Courier; J. E. Wheeler, Portland, Ore., Telegram; Harry E. Taylor, Portsmouth, O., Times; Louis T. Golding, St. Joseph, Mo., News and Press; Leonard K. Nicholson, New Orleans, La., Times-Heyburn. As candidates for directors to succeed V. S. McClathrey, resigned the following were nominated: Joseph R. Knowland, Calif., Tribune; Harry Chandler, Los Angeles, Calif., Times.  
Frank H. Hitchcock, president of the meeting to which it was chairman, of the meeting today and Edward Flicker as secretary.

The following committee members attended the meeting: Eastern division, Jerome D. Barnum, Syracuse, N. Y., Post Standard;

EDWARD FLICKER, BRIDGEPORT, CONN., TELEGRAPH AND SUNDAY POST, CENTRAL DIVISION; CHARLES SINER, ST. LOUIS, GLOBE DEMOCRAT, WESTERN DIVISION; FRANK H. HITCHCOCK, TUCSON, ARIZ., CITIZEN SOUTHERN DIVISION; H. C. ADLER, CHATTANOOGA, TENN., TIMES; J. S. COHAN, ATLANTA, GA., JOURNAL.

CARBIDE COMPANY MAKES "MERE OFFER"

WASHINGTON, Jan. 23.—The Union Carbide company's offer for Muscle Shoals was described today as "merely an offer" by Representative Almon, Democrat, Alabama, in whose district the property is located.  
"It is merely an offer to lease Plant No. 2 at Muscle Shoals for 50 years," he said, "and does not guarantee manufacture of fertilizer, but agrees to undertake to make fertilizer if it proves profitable by a process which is in an experimental stage. It is not in a class with Ford's offer and in my opinion it will not be favored by a single member of the military committee to which it has been referred."

Harry Rebyrn, travelling agent for the Southern Pacific called at the Jacksonville railroad offices Wednesday.

FEDERAL FORCES CONTINUE TO GAIN

SAN ANTONIO, Texas, Jan. 23.—Federal forces continue advancing on the western front under direct orders of President Obregon, according to a telegram received by Consul General Lullbert tonight from the ministry of foreign relations. The telegram also adds that General Calles has established his general headquarters at San Luis Potosi.  
Washington, Jan. 23.—Mexican revolutionary forces under General Estrada have evacuated Guadaluajara, capital of the state of that name in the face of a steady advance by federal troops. The Mexican embassy said in a statement today.

GLUCKSBURG DYNASTY DECLARED FORFEITED

ATHENS, Jan. 23. (A. P.)—A measure was introduced in the national assembly tonight declaring the Glucksbury dynasty—the reigning house—feared. Owing to the turbulent scenes which this action provoked the house was adjourned until Friday, without reaching a vote.  
The measure was presented by the Republic leader after Premier Venizelos, addressing the assembly for the first time in his new office aroused a storm of applause by declaring that the

Greek people had ceased to believe in the necessity for a dynasty, and there was no foreign obstacle to a republic.  
The procedure aroused many of the deputies and the session became partially disorganized. Spectators joined with the deputies in abusing royalty.

STRIKE COMMITTEE MEETING POSTPONED

LONDON, Jan. 23. (A. P.)—The expected meeting between representatives of the executive committee of Associated Society of Locomotive Engineers and Firemen and the railway managers at which it was hoped discussions would be renewed with a view of ending the railway strike, did not materialize today.  
The railway managers met this afternoon to consider the offer of a party but their decision was deferred.  
It is considered probable that the managers will meet again tomorrow to discuss the situation. The mediating section of the trades union of congress met today and went over the strike situation but accomplished nothing. Continued improvement was shown today in the movement of trains. The strike however is having an increasing adverse effect on Scottish and Welsh industries.

Washington Hagen was entertained with a surprise party at his home south of Arnold Monday evening by the members of the L. W. C. of Lutheran church. Games and radio furnished amusement for the evening, followed by refreshments served by Mrs. Hagen.

The guests included the Messrs. Mathilda and Pauline Koopman, Verna and Amelia Middendorf, Mary Holt, Marie and Anna Pakman, Milly Tann, Camille Donovan, Cora Engelbrecht, Velma Buescher and Frances Walters and the Messrs. Ernest and Frank Walters, Clarence and Richard Ingram, Elwell Hagen, Anderson Mullens, Erwin Middendorf, Clarence Muehlhausen, Lloyd Zimmer and O. H. Schulte.

### Entertain Card Club

Members of their Five Hundred club will be entertained this evening by Mr. and Mrs. Alfred Kehi, at their home at 1008 Grove street. A luncheon will be served the guests at the conclusion of the evening.

### Star Camp Plans Valentine Party

Plans for a Valentine party to be held February 12, were made by the members of the Star Camp No. 171, at their regular meeting Tuesday night in Woodman hall. The committee who has charge of the party plans includes Misses Grace Taylor, Florine Ealey, and Virginia Pires.

Following the business meeting, the members adjourned to the Peacock Inn, where they enjoyed refreshments.

### Division of Loyal Women Met Yesterday

The division of the Loyal Women's class of Central Christian church, of which Mrs. Charles Patton is captain, met yesterday afternoon at the home of Mrs. Carl Markkille on North Main street. The ladies spent the afternoon in sewing and conversation. The hostess served delicious refreshments. The division will meet next Wednesday at the home of Mrs. Harry Walker, 321 South Diamond street, and a full attendance of members is requested. A guest at the meeting yesterday was Mrs. Wilcox of White Hall.

### Celebrates Birthday

Mrs. Hattie Doying was guest of honor yesterday at a 1 o'clock luncheon celebrating her 77th birthday, given by Mrs. Doying's daughter, Miss Emma Doying, at her home at 610 Grove street.

Friends of Mrs. Doying made up the guests, who spent a very pleasant social afternoon following the luncheon. Members of the Passavant Aid society, as well as many other friends sent gifts to Mrs. Doying to indicate the high esteem in which they hold her.

Mrs. Doying is a widow of the late G. E. Doying, former publisher of the Courier, who had he lived, would have been 85 years old, January 22.

### Service Star Legion Meets

The Service Star Legion held a social meeting yesterday afternoon at 2:30 o'clock at the home of Mrs. Martha Alcott, 1030 West College avenue.

A short business session preceded the social hour included the voting of the Peace Award Ballots, and other items of Legion importance.

Refreshments served by the hostess concluded the afternoon's meeting.

### JUMPS IN RIVER THEN CHANGES MIND

Chicago, Jan. 23.—A human chain tonight rescued Fritz Ring, 22, from the Chicago River into which he had leaped from the Michigan Boulevard bridge in a suicide attempt. Ring changed his mind as he struck the water, and catching a ladder called for help. A traffic policeman aided by several onlookers lowered himself over the side and pulled Ring to safety.

KANSAS CITY, Mo., Jan. 23.—Captain Robert T. Hayes, Mrs. Hugh Broadhurst and her daughter Ethel, were killed today when a motor car in which they were riding turned over on the Victory highway, four miles west of here. Captain Hayes was quartermaster at the disciplinary barracks at Fort Leavenworth.

### SISTER MARY'S KITCHEN

By Sister Mary

(Unless otherwise specified, these recipes are planned for 4 persons)

#### Eggless Desserts

These desserts use no eggs but are delicious and nourishing. They add bulk as well as starch and some fat to the winter dinner.

The cup puddings offer an excellent opportunity to use up small amounts of canned fruits left from various meals. Each pudding may have a different fruit.

The juice from canned fruits can be used for pudding sauces, in party drinks and salad dressings.

#### Cup Puddings

One cup flour, 2 teaspoons baking powder, 1-8 teaspoon salt, milk to make a soft dough, canned fruit.

Mix and sift flour, baking powder and salt. Cut in milk with a knife. The dough should be softer than baking powder biscuits, but stiff enough to keep its shape when dropped from the spoon. Put one or two tablespoons of canned fruit in the bottom of a well-buttered custard cup. The fruit should be covered with juice. Add a spoonful of the dough and steam half an hour. To steam put the cups in a large pan with a tight-fitting cover, add boiling water to about two-thirds cover the cups and let boil gently. Too much water will boil over into the puddings and spoil them.

Remove puddings from cups and serve warm with sugar and cream.

#### Eggless Steamed Pudding

Two tablespoons lard, 2 tablespoons butter, 1-2 cup molasses, 1-2 cup milk, 1 cup white flour, 2-3 cup graham flour, 1-2 teaspoon soda, 1-4 teaspoon salt, 1-2 teaspoon cinnamon, 1-4 teaspoon cloves, 1-2 teaspoon nutmeg, 3-4 cup steamed and chopped dates.

Soften shortening in a warm mixing bowl. Add molasses, milk and dry ingredients well mixed. Stir well and add dates. Mix thoroughly and turn into a buttered mold. Steam two and one-half hours. Serve with hard sauce, plain lemon sauce or a sauce using the juice of canned fruit.

This recipe makes enough pudding to serve eight persons. The pudding is quite as good reheated and served the second day, so the whole rule can be made for a family of four and used for two meals.

#### Steamed Apple Pudding

One and one-half cups flour, 3 teaspoons baking powder, 1-2 teaspoon salt, 2 tablespoons butter, 1-2 cup water, 4 tart apples.

Mix and sift flour, baking powder and salt. Work in butter with tips of fingers and cut in water with a knife. Put on a floured molding board and roll about one-half inch thick. Spread lightly with softened butter and sprinkle with sugar and cinnamon. Use about four tablespoons sugar and one teaspoon cinnamon. Pare, quarter, core and slice apples. Put in the center of the dough. Dampen edges of dough slightly and bring together. Press together the pudding in a buttered mold, cover and steam one and one-half hours. Serve with sugar and cream or vanilla sauce.

Vanilla Sauce

One-half cup sugar, 3-4 cup boiling water, 1 dessertspoon cornstarch, 1 tablespoon butter, few grains salt, 1 teaspoon vanilla.

Mix sugar, salt and cornstarch and slowly add water, stirring constantly to prevent lumping. Boil five minutes, remove from the fire and stir in butter. Let cool slightly and add vanilla. (Copyright, 1924, NEA Service, Inc.)

### J. RAMSAY MACDONALD COMPLETES MINISTRY

LONDON, Jan. 23.—(A.P.)—The new prime minister, J. Ramsay MacDonald, has completed his ministry with an expedition somewhat unusual with the older political parties, owing to his having been in the novel position of knowing some weeks before hand almost the actual date the Baldwin government would be defeated.

His list of appointments announced Tuesday constitutes the cabinet. Those announced today are outside the cabinet. The ceremony of transferring the seals of office and swearing in the ministers who were not previously members of the privy council was performed in the customary manner at Buckingham Palace this morning before the king, the council, and in the presence of the Prince of Wales.

Wales appears to be displaying the same keen interest as his father in the accession of Great Britain's first Labor government.

IS DISMISSED AFTER ELEVEN APPEARANCES

Mobile, Ala., Jan. 23.—After appearing for eleven times in the recorder's court here to answer a charge of shooting Douglas Brandon, 29, of Nashville, Tenn., her sweetheart, Mrs. Esther Gray, 30, also of the latter city today was finally dismissed. Brandon was shot and permanently paralyzed in the bullet from a revolver in the hands of the Gray woman on June 5th, last.

### LINCOLN APPARENTLY ENJOYS CONFESSING

AURORA, Ill., Jan. 23.—Warren J. Lincoln, who has confessed killing his wife after she had slain Byron Shoup, her brother, and burning their bodies in his house furnace, today added to his series of confessions, repudiations and withdrawals of statements.

He made a brand new confession to Chief of Police Michaels, but the latter refused to make it public. He said, however, that it did not differ materially from the original confession.

Lincoln also demanded today that someone represent him when authorities dug in his greenhouse to search for the bodies of Shoup and Mrs. Lincoln.

Chief Michaels received a postcard today from an Aurora florist, stating he believed he had seen Mrs. Lincoln last week at Daytona, Florida. He said the man disappeared in the crowd before he could talk to her.

The police attach little importance to this information.

### REBEL LEADERS FIGHT EACH OTHER

Laredo, Texas, Jan. 23.—Guadalupe Sanchez, one of the foremost revolutionary generals of Mexico, was probably mortally wounded in a personal encounter with Lieutenant Ponciano Carranza, his aid, according to information which the Mexican consulate here today announced it had received. The officers had been drinking and quarreled, the report stated. Sanchez was taken to Orizaba for treatment, it added.

### BRANDED COLLARS

Collars of white satin or batiste are frequently bound with colored ribbons or braids.

### CRETONNE ACCESSORIES

Hats, handbags and parasols of cretonne or printed fabrics are very smart at Palm Beach.

### C. E. WALKER DIES AT HOME IN TEXAS CITY

Former Resident Here Had Been in Southern State for Past Fourteen Years — Died Almost Without Warning.

C. E. Walker, a former resident of Jacksonville known better here as "Gene" Walker, died recently from heart disease at his home in Baird, Tex. Mr. Walker had been resident there for a number of years and was accounted a prominent citizen.

The deceased was a son of the late Charles Walker of this city, a brother of W. W. Walker, now of Woodruff and W. A. Walker of Milwaukee, Wis.

The Baird Star gives the paragraphs quoted below about Mr. Walker. The deceased while resident here was for a number of years employed in the Russell and Lyon jewelry store, now the Russell and Thompson store.

Somewhere between 5:30 and 6 o'clock Wednesday night, Charles Eugene Walker, jeweler and optometrist, member of the Baird City Alderman Board, City Secretary and prominent Mason, died suddenly of an affection of the heart, in the presence of his wife and little daughter. He was nearly 48 years of age and is survived by the two above mentioned and two brothers.

Funeral services will be held at the Presbyterian Church tomorrow (Saturday) morning, at 10 o'clock, conducted by the Rev. T. S. Knox, D. D., minister of the Central Presbyterian Church, of Abilene, assisted by the Rev. Thomas Jefferson Roan, now pastor of the Methodist Episcopal Church, South, but formerly pastor of that church at Baird, who was a warm personal friend of the deceased.

Escorting the body of the honored dead will be a delegation of uniformed Knights Templar from Abilene and Cisco, Scottish Rite representatives from Dallas, Nobles of the Mystic Shrine members of Baird Blue Lodge No. 522 and of Baird Chapter No. 182.

Mr. Walker was a member of the Masonic Blue Lodge at Mount Sterling, Illinois, of the Knights of Templar at Abilene, and of the Mystic Shrine of Moslah Temple at Fort Worth. He was a Knight of Pythias and a member of the Modern Woodmen of America.

Mr. Walker was a member of the Board of Aldermen of the city and deeply interested in and a staunch supporter of all schemes for the uplift and improvement of the city of his adoption. As a citizen he was sane, reproachable, genial, kindly and buoyantly optimistic.

By profession Mr. Walker was a jeweler, horologist and optometrist and was inspector of watches of the Texas and Pacific Railway Company's employees. His place of business was with the Holmes Drug Company, with which concern he has been associated for the

past twelve years. He came to Baird about fourteen years ago. For some time previous to his death Mr. Walker was bothered with heart trouble, and had been under treatment Wednesday afternoon by a prominent physician of this city.

For some time previous to his death Mr. Walker was bothered with heart trouble, and had been under treatment Wednesday afternoon by a prominent physician of this city.

He was a member of the board since 1919 and his term would have expired in 1925. He was president of the First National bank and the Municipal State bank.

His little daughter, Marjorie, ran to meet him as he entered the house and he greeted her with the query:

"Well, how did you make out at school today?"

"Alright!" was the answer. "What about spelling?"

"I made one hundred, daddy!"

"That's good," commented Mr. Walker, sinking into a chair. "That is what I like you to get."

Suddenly his body sagged in the chair, his head dropped on one side and his face convulsed.

"Don't play like that!" cried the little girl. "I don't like it when you play like that daddy!"

When he did not straighten up and made no answer, Marjorie ran to her mother, who was in another room.

Between them they helped the stricken man to a bed, upon which he sank inertly, never to speak again.

The deceased is survived by his wife and two daughters, Marjorie, and Mrs. Harold L. Austin, of Abilene, and by two brothers, W. W. Walker, of

Wood River, Illinois, and M. A. Baird, of Chicago, Illinois, his cousin.

Champaign, Ill., Jan. 23. John M. Herbert, member of the board of trustees of the University of Illinois died in his home at Murphyboro, this morning, according to word received by university authorities. He had been a member of the board since 1919 and his term would have expired in 1925. He was president of the First National bank and the Municipal State bank.

## HOPPE KEEPS TITLE BY BEATING SCHAEFER

Final Score is 1500 to 1190—  
Winner's Highest Run of Series  
Was 182.

CHICAGO, Jan. 23.—(A.P.)—Willie Hoppe of New York by defeating Young Jake Schaefer of San Francisco, 1500 to 1190 in a challenge match tonight retained his title as world's 18.2 ball pool champion. With but one exception Hoppe has held the championship since 1912.

The exception was in 1921 when Schaefer won it from Hoppe only to lose it again a year later. Hoppe finished the three blocks of 500 points each night with an average of 27.43. His high run for the match was 182. Schaefer made 22.854 for an average and had 170 for high run.

Until the latter part of the match tonight both men played mediocre billiards. Schaefer had six blank innings, one of one point, one of two and one of three.

Hoppe drew three blanks, three of one each, two of two and one of three.

Both men played a tight game and the low innings were due in part to bad leaves. However, not until the end of the game did either man show championship form. Hoppe was challenged by

Edouard Moremans, Belgian cut star who finished fourth in the tournament at New York last year. The champion accepted and will play Moremans within 60 days.

## BOTH CLUBS CLAIM BALDWIN'S SERVICES

NEW YORK, Jan. 23.—Howard E. Baldwin, star pitcher of the Newark International League club today became the center of a new baseball controversy. Baldwin's purchase from former owners of the Newark club was announced several days ago by the New York Giants but today Michael McGhee, head of a syndicate which recently acquired the New Jersey club's franchise, denied the legality of the player's purchase and declared Baldwin had signed a 1924 contract to play with Newark.

"We obtained Baldwin in a deal with Bernard Moan and William Ashton of Baltimore, former owners of the Newark club," said Judge F. H. McQuaid, treasurer of the National League champions.

"We are satisfied that we have clear title to Baldwin and are not interested in the attitude of the Newark owners."

The case has been carried by Mr. McTighe and his associates to John Conway Toole, president of the International League, who said today he had it under advisement.

In baseball circles it was believed ultimate settlement of the controversy may devolve upon Commissioner Landis.

## LODGE ARRIVES IN ARGENTINA FOR FIGHT

BUENOS AIRES, Jan. 23.—(A.P.)—"Farmer" Lodge, who is to meet Luis Firpo in a bout here next month, was confronted at the pier when he arrived on the Steamer Pan-America today, by more than a score of newspapermen and photographers.

He said he expected to knock out Firpo in four rounds.

Hugh Garland, American manager of Firpo, who also arrived on the Pan-America, intimated that Firpo probably would accept a \$25,000 offer from the Newark promoters of the proposed fight between Firpo and Harry Wills.

## MANCHESTER AGGIES EASY FOR KNIGHTS

Locals Have Things Their Own  
Way in Second Half, Winning  
by 39 to 5—Loami Comes Friday.

The Knights of Columbus had an easy time defeating the Manchester Aggies on the Liberty Hall floor last night, running up a score of 39 to 5 against them, the visitors being able to put over but two field goals and one free throw during the entire game.

The first half ended 12 to 5, and in the second half the visitors were unable to score, while the K. C.'s had things their own way, making their baskets from any position on the floor from which they wished to try. Blasse was injured in the game and was removed, Cooney changing from guard to forward, with Doyle going in as sub for Cooney. Norris was the heavy scorer of the evening, putting in eight field baskets, for a total of sixteen points, and Ray Zell was not far behind with six field goals and one free throw.

Tomorrow night the Loami team comes for a return engagement with the K. C. quintet and as in the previous game, Loami was returned victor by one point in a five minute overtime game, on their own floor, the locals naturally are confident that they can overcome the Loami shooters when they meet them on their own floor in Jacksonville.

The score of last night's game follows:

Aggies (5)	F.C.	F.T.	Ts.
Gillmore, f.....	0	0	0
Hardy, f.....	0	0	0
Lakin, f.....	1	0	2
Robinson, c.....	0	1	1
Hardy, c.....	0	0	0
Doyle, g.....	2	3	7

## CARTHAGE FOE OF I. C. FIVE TONIGHT

Teams Split Games Last Season  
and Seem to Be Evenly Matched  
This Year — Good Contest Assured.

Tonight at 8 o'clock Illinois College and Carthage College basketball teams meet in the annual game on the David Prince gymnasium floor.

Last year the two teams split, Illinois winning on the home floor 21 to 18 and losing at Carthage 25 to 19.

There is only one basis of comparison on which to judge the strength of the two teams this season. Both teams have won shutouts and both have won Carthage by a score of 34 to 13 and Illinois by 35 to 20.

The comparison gives Carthage a small advantage. To all appearances the game tonight will be a real battle all the way.

Carlson and Knoepfel will be at the forwards for Carthage. The latter comes from Bluffs and has played on the local floor several times in past years with the Bluffs High School team.

Hansen, the emaciated center who pitted his skill against Capt. Mellon at center last year, is again playing the pivot position this season and will have Capt. Dale to deal with tonight.

Wagner from Davenport, Iowa, fresh from the Burlington, Iowa, High School, will play guards for Carthage.

Capt. Dale will lead his Blue and White teammates tonight, playing center. Rubendall and Deatherage will be the forwards. Hoskins and Jack Roberts will bear the brunt of the defense play at guards.

The Illinois boys will all be in there, trying their best to keep their record clean.

## FIVE BALL PLAYERS ARE REINSTATED

CHICAGO, Jan. 23.—Five baseball players today were reinstated by Commissioner Landis, two of them from the voluntary retired list.

George Cutshaw, former infielder of the Detroit Americans and Godfrey Brogan of the Washington club had been voluntarily retired.

First Baseman Del Gainer, who was on the ineligible list of the St. Louis Nationals, infielder Leo Taylor on the ineligible list of the Chicago Americans and D. J. Hickman, Jr., on Brooklyn's ineligible list were restored to good standing.

Taylor deserted the Greenville Club of the South Atlantic League in 1923, and Hickman refused to report to the Toledo club in 1920. Gainer deserted the St. Louis club in 1923.

## Billy Evans SAYS

In football the coach plays a more prominent part than the director of any other sport. The greatest baseball manager in all the world cannot win a pennant in the majors with minor league material. He must have the stuff. In football, while a great coach cannot do big things with poor material, he can make great progress with the talent at hand than the baseball leader. It is possible to take a big, husky athlete with ability who has never seen a football and make him a gridiron star inside of a year. This is not the case in baseball.

A football coach gets results from the material at hand according to his ability as a coach plus the power of personality.

What I mean to say is that a team with great possibilities is often just a mass aggregation, because the coach was unable to make the most of the opportunity. Often an inferior team properly coached is the victor over a team that is potentially much stronger. This feature of play seems to have been proved in the recent meeting between the Navy and Washington.

While not familiar with the ability of any of the coaches on the coast except Smith, I simply know that Washington was played to a tie by a team that ranked way down in the eastern list, with Washington rated second best on the coast.

Coast critics predicted that Washington would win by two touchdowns. The fine play of the Navy, which gave the Eastern team a tie, certainly upset the dope.

Football experts on the coast seem satisfied that the outstanding feature of the game was the contrast in the play of the two teams from the coaching standpoint.

Los Angeles critic in commenting on the outcome of the game said: "The one phase of the advance dope that was overlooked was the difference in coaching. Had Washington been coached by Bob Fowlwell and the Navy coached by Enoch Bagshaw, Washington would have won by four touchdowns. Potentially Washington was two touchdowns stronger than the Navy. Compared man for man it was like a crack heavyweight against a middleweight. No one dreamed there was such a difference in the coaching."

Some compliment to the Navy coach, not unusual, however, for Bob Fowlwell, who always turns out well coached elevens.

## CHANGES PROMISED IN LEAGUE SCHEDULES

Drastic changes are to be made in the major league schedules for 1924, according to those on the inside. The season will start about the same time, April 15, but will close at least 10 days sooner than the 1923 schedule.

Last year's schedule was a nightmare. For some reason it was filled with open dates, often three and four in succession. Lack of Sunday ball in Philadelphia and Boston was largely responsible for such a situation.

It is understood that in order to bridge this breach, the clubs have agreed that it is best to schedule regular doubleheaders in Philadelphia and Boston. This will keep the two clubs up with the schedule, and will not necessitate the resting of several days by clubs blessed with Sunday baseball.

There is hope among the magnates that Sunday baseball in Massachusetts is not far away. Concerning Pennsylvania, however, they are not so optimistic.

The completion of the major league schedule by October 1 will permit an early start of the world series. The 1923 event did not get under way until Oct. 10. It is hoped the 1924 event will have been completed by that date.

**SHOCKER TROUBLES HORNSBY**  
Who is the hardest pitcher for Rogers Hornsby, leading batter of the National League, to hit? Be prepared for a surprise for he's not in that league. "Shocker" of the St. Louis Browns bothers more than any pitcher I have ever faced," says Hornsby. "His great natural ability plus his ability to mix them up is a combination that will bother any batsman. He has troubled me in every series we have played with the Browns. I'm glad he isn't in our league."

**YANKS SEND KARR BACK TO ATLANTA**  
New York, Jan. 23.—Ben Karr, Atlanta pitcher acquired by the New York Yankees, has been sent back to the Crackers.

Karr's release before being given a tryout is the Yankee's first move to cut its roster to the forty player limit.

**STAR HAS EYE TROUBLE**  
Pie Traynor, star third baseman of the Pittsburgh club, is said to be having serious trouble with his eyes.

**MCGRAW LIKES BENTLEY**  
McGraw likes Southpaw Jack Bentley to be a big winner this year.

## KNOTTY PROBLEMS OF BASKETBALL

Quos.—Two substitutes come on the court and both communicate with team-mates before play is resumed. Should one foul or two be called? Ans.—Two.

Quos.—Please explain why it is that in basketball a team works the ball into its own territory and throws for its own basket, whereas in other games the object is to carry the ball into the opponents' territory. Ans.—When Dr. Naismith originated basketball he used peach baskets into which the ball was to be thrown. The object of the game was to get as many "peaches" as possible into one's own basket. Therefore the object of the game still is to throw the ball into your own basket.

Quos.—In a recent game a player was dribbling, came to a stop with the ball in his hands, then touched a nearby player with the ball and started to dribble again. He claimed this was legal because the ball touched another player between the two dribbles. Ans.—This was a violation of the dribble rule because the ball was not out of the possession of the dribbler when it touched the nearby player. Rule 14, Sec. 11.

Quos.—Is it possible to "block" a player who has the ball? Ans.—The term "block" applies to impeding the progress of an opponent who has not the ball. The terms "hold, charge, push, or use unnecessary roughness" may be used to cover personal fouls on a player who has the ball. These latter terms apply also if he has not the ball.

Quos.—A player was about to make a free throw when the crowd hissed, trying to disconcert him. The player turned to the referee to see if he was going to do anything about it. The referee said, "Your ten seconds are up," and threw the ball up at center. We lost the game by one point. Have we grounds for protest. Ans.—

No. The player should have been attending to his own job instead of helping to referee the game.

Quos.—Some coaches in a section claim that when a player is taken out of the game the personal fouls charged to him are cancelled; if he returns to the game later he has a clean slate. Others claim that when a player is taken out, the substitute takes the player's fouls; and when the substitute runs the total up four he is disqualified, and the original player may return with a clean slate. Ans.—Both of these are untrue; you can see how the rules would be evaded if either of these could be done. A player's personal fouls are his own property throughout the game.

**HITCH IN PURCHASE OF PITCHER CULLO**  
New York, Jan. 23.—A hitch has developed in the deal by which the Yankees recently announced purchase of Pitcher Nick G. Cull from the Omaha Club of the Western League. It was learned today. It was reported the Omaha Club now objects to the deal. It was understood the case has been placed in the hands of Commissioner Landis.

**NEED SECOND SACKER**  
Unless Detroit lands a capable second sacker, there is hardly chance for Cobb to finish as big as second this year.

No. The player should have been attending to his own job instead of helping to referee the game.

## Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps had before. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and my children were born easily and safely. I can't say enough for 'Mother's Friend' as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Atlantic City, N. J., for a free illustrated book containing information on every aspect of child-birth. You will be glad to have 'Mother's Friend' sold by all drug stores."

## MY DAUGHTER WOULD CRY AT EVERYTHING

Nervous and Irritable. By Taking Lydia E. Pinkham's Vegetable Compound Became Entirely Normal

Clinton, Wisconsin—My daughter was in a very run-down condition, was irritable, and would cry at every little thing she was so weak and nervous. As Lydia E. Pinkham's Vegetable Compound had helped me when I was a girl, I gave it to her. I built her up, and the results were all that we could wish for. I wish that every mother with growing girls would try it for those troubles girls often have. I had taken it myself before my girl was born, and she was one of the nicest babies any one could wish to have. I recommend the Vegetable Compound to women and girls, and cannot praise it too highly. Mrs. I. A. HOLIFORD, Box 35, Clinton, Wisconsin.

Mother can depend upon Lydia E. Pinkham's Vegetable Compound to relieve their daughters of those troubles they so often have. They know from experience the value of the Vegetable Compound in the treatment of these complaints and many, like Mrs. Holiford, give it to their daughters.

## Market Report

### IRREGULAR STOCK PRICES CONTINUE

FINANCIAL  
Total stock sales, 989,600 shares.  
Twenty Industrials averaged 95.16; net gain 72.  
High 1923: 105.38; low 85.76.  
Twenty railroads averaged 83.41; net loss 14.  
High 1923: 90.51; low 79.53.

NEW YORK, Jan. 23.—Irregular price movements continued throughout today's stock market but the main trend was upward. High priced specialties were again the center of speculative interest.

Sales ran over the million share mark, for the first time since last Thursday.

Buying was influenced by the decision of a special master declaring the New York State \$1 gas law unconstitutional, higher copper prices, another series of crude oil and gasoline advances, publication of weekly trade reviews reporting an increasing demand for steel and prediction of higher sugar prices and resumption of dividends by some of the important producing companies.

Consolidated gas was heavily bought on the announcement of the masters decision, the stock jumping from a low of 63 1/2 to 67 1/2 and closing at 65 1/2 for a net gain of 2 1/2 on the day.

Brooklyn Union gas closed 1 1/2 higher at 12 1/2 and moderate improvement was also noted in most of the out of town public utilities.

Marland oil was in good demand in anticipation of the stockholder approval of the sale of a block of treasury stock at their meeting in Wilmington, Delaware, tomorrow. The stock rose 39 and then eased to 38 1/2, where it was up 1 1/2 on the day.

Pan-American and Sinclair issues were again under pressure but they showed good support at today's low levels.

Pan American "B" showed a loss of 12 on the day but the "A" stock and Sinclair were only fractionally lower.

Corn products were again the feature of the specialty list touching a record-breaking price of 17 1/2 and closing slightly below that figure.

General Electric which has been mounting to new high records almost daily fell back nearly two points today to 212.

Announcement of wage increases for certain classes of New York Central employees had a somewhat depressing effect on the railroad shares most of which showed fractional recessions.

Stock strength was shown, however, by Pittsburgh and West Virginia which closed more than a point higher at 43 1/2.

Call money ruled unchanged at 4 per cent. Time money and commercial paper markets were quiet. Foreign exchanges were again reactionary.

With the exception of the Liberty Firsts 3 1/8 and the Treasury notes all government issues made substantial gains.

# Cantilever Shoe

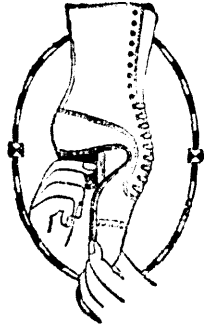

Each Foot Has Its Arch

Each foot has its own arch, with its own shape and its dimensions. The arches of the left and the right foot are sometimes of different heights.

The Cantilever Shoe meets the requirements of each individual foot arch. When the shoe is laced, the flexible arch curves up to fit the under curve of the individual foot, supporting the arch structure and giving a snug feeling of restfulness to the entire foot.

The Cantilever Shoe is an easy walking shoe. It is flexible, and bends with every foot movement, permitting the foot muscles to exercise at Nature intended.

Make Cantilevers your next pair of shoes and you will experience comfort and enjoyment.

## KIWANIS TO OBSERVE NINTH ANNIVERSARY

Special Program at Meeting of Local Club Today, with W. W. Wright and C. E. Robinson as Speakers—History of Movement Given

A special program in observance of the ninth anniversary of the founding of Kiwanis Club International will be given at the noon meeting of the local Kiwanis club today. This is anniversary week for Kiwanians throughout the United States, and an effort is being made here to give the event its proper significance. The speakers for today will be Attorney Walter W. Wright and State's Attorney Carl E. Robinson, both of whom are expected to deliver excellent addresses.

The first Kiwanis club was organized at Detroit, January 1915, and since that time, Kiwanis has experienced a remarkable growth, so that at the present time there are 1,150 clubs, with a total membership well over \$5,000 of the leading business and professional men in these two countries.

This anniversary of Kiwanis focuses public attention on the marvelous development of community spirit and service on the part of people for their communities to a degree unknown before the war. It seems to point out the great development in the spirit of co-operation and service work which has in turn made for better citizens and better communities. Some ten or fifteen of these international service organizations and hundreds of local associations are engaged in aggressive service work, but of these Kiwanis is the largest in the United States and Canada.

Kiwanis crystallizes community sentiment for municipal im-

provements," said Edmund P. Arras, president of Kiwanis International; "it cultivates public opinion for pure politics, and promotes community co-operation in all good things. It develops leaders, urges harmony in business, honesty and integrity in all dealings, and furnishes a forum for the discussion of all fair and interesting questions."

International Secretary Fred C. W. Parker in a message to all the clubs said that the organization has continually in mind the public nature of its work.

Defines Kiwanis  
"Kiwanis," he said, "is a representative influence, organized for the advancement of public welfare in its many phases, for the stimulation of morals, charities, health, better citizenship, civic improvement, and obedience to law and all the tenets of better living."

The international policies which guide the activities of all Kiwanis clubs include these:

1. The emphasis and intensification of service on behalf of underprivileged children.

2. The development of better relations between the farmer and the city man.

3. The aggressive development of a co-operative spirit towards the Chambers of Commerce and the co-ordination of activities.

4. The fostering of a fuller realization of the responsibilities of patriotic citizenship.

While work on these policies has been made more intensive, activity along established policies is being continued. This includes constant development of better business standards and methods, general service work on behalf of charities, boys' and girls' clubs, playgrounds, hospitals, memorials, safety campaigns, tourist camps, beautification of cities, Americanization, good roads, and many other similar activities.

## ANNUAL MEETING OF LOCAL CONCERN HELD

Commercial Investment Corporation Re-elected Officers and Directors—Paid 8 Percent to Stockholders in 1923.

The annual meeting of the stockholders and directors of the Commercial Investment Corporation of this city was held at their office in the Cloverleaf building. All directors of the corporation were re-elected, as follows: E. H. Rowe, R. Y. Rowe, W. C. Bradish, C. A. Goodale, C. Y. Rowe, A. E. Riemann and E. L. Kinney.

C. E. Hamilton was again named manager of the automobile finance department. The following officers were re-elected:

President—R. Y. Rowe  
Vice-president—E. L. Kinney  
Treasurer—C. Y. Rowe  
Secretary—A. E. Riemann

The business of the corporation is to deal in motor loans, to finance auto dealers, and the purchase of new cars on small installments. During the past year the stockholders received a dividend of eight percent on their investment. Motor loans purchased by the company during 1923 amounted to \$341,609.13. The total earnings, including discount and interest, amounted to \$28,297.13. The earnings available for dividends totaled \$10,755.29.

A special meeting of the American Bankers' Insurance Co., with which officers of the Cloverleaf company and the Commercial Investment Corporation are connected, was held recently at the home office in Chicago, to consider certain reinsurance transactions. Over eighty percent of the stock was represented in person or by proxy, and a number of local men were in attendance at the meeting.

The Capital Stock of the Company was increased by vote of the stockholders from \$125,000.00 to \$150,000.00. By a unanimous vote the stockholders authorized the reinsurance of all the outstanding business of the Elgin Life Insurance Company of Elgin, Illinois.

It was also voted unanimously to reinsure the Industrial or Monthly Premium business of The American Bankers' Insurance Company in the Cloverleaf Life and Casualty Company. The American Bankers' Insurance Company stopped writing this class of business about two years ago.

It is understood that when the two above transactions of reinsurance are consummated, that the American Bankers' Insurance Company will be placed in a much stronger financial condition.

In his report to the stockholders, President F. H. Rowe, revealed the fact that he had received numerous letters from many old stockholders offering their co-operation with the new management, at the same time, expressing a strong belief in the future of the company.

In the future, the American Bankers' will write only Ordinary Life business in connection with its established bank agency plan.

## PETEFISH SALE NEAR LITERBERRY IS HELD

Household Goods and Farm Equipment Bring Good Prices at Largely Attended Auction Wednesday.

The household goods, live stock, grain, implements and other property on the farm of the late Berry Petefish, five miles northwest of Literberry, were sold at public auction yesterday under executor's orders. The proceeds of the sale totaled nearly \$3,000.

There was an unusually large crowd, and everything sold at good prices. Members of the Ladies Aid of Literberry Baptist church served lunch on the grounds and realized the sum of \$87 for their efforts.

Sheep brought 41 cents a dozen bundles, and threshed oats 25 cents a bushel. Loose timothy hay sold for \$18.60 a ton and loose clover hay for \$18.25 a ton. One four car brought \$335. Cows ranged in price from \$35 to \$57.50, seven steers brought \$36.25 each.

One five-year-old mare sold for \$137.50, one six-year-old mare for \$115, one horse for \$60, one 2-year-old unbroken mule for \$95, and one yearling mule for \$60.

Glen Petefish of Virginia served as clerk, and W. H. Crum of Literberry as auctioneer. It has not yet been decided what will be done with the Petefish farm. The sale yesterday was one of the largest and best attended that has taken place in Morgan county for some time.

Dance at Marquette Hall Franklin Friday night; Elite Six orchestra.

OBJECTIONS FILED TO S. JACKSONVILLE PAVING  
Thirty-seven objections in the proposed South Main street pavement in the Village of South Jacksonville were filed yesterday in the office of County Clerk G. L. Phipps by Attorneys Bellotti, Bellotti & Moriarty, representing the Elmore Power & Light Company.

A hearing of the objections will be heard before Judge Samuelson. The objections are based on a number of alleged defects in the formal procedure of the proposed improvement.

## WILL MAKE ADDRESS HERE TOMORROW

Mrs. George R. Dean

Mrs. George R. Dean has for a number of years taken an active part in political affairs in Illinois. Her experience therefore quite well qualifies her for the work she has undertaken as chairman of the organization committee in Illinois. At a luncheon of the Essington for Governor club at the Peacock Inn Friday noon Mrs. Dean will make an address. Luncheon will be served at 1 o'clock.

## DIES AFTER BRIEF ILLNESS IN SOUTH

J. Thompson Sharpe Former Resident Passes On—Went to Florida in December Because of Ill Health

Information was received here yesterday of the death of J. Thompson Sharpe in Jacksonville, Fla. Mr. Sharpe went south early in the winter as the condition of his health required a change of climate. The end came suddenly January 6th.

Mr. Sharpe lived in Jacksonville from 1901 to 1918 and during the greater part of that time was in charge of Oak Lawn sanatorium. In 1918 Mr. Sharpe went to Philadelphia to engage in the manufacture of an antiseptic preparation and spent several years in business there. More recently he had been in or near Chicago in order to be near his family.

Mr. Sharpe was born in Cumberland Manor, N. J., 62 years ago. He had qualities which gave him the friendship of many people.

Mr. Sharpe leaves his widow, Mrs. Anne Sharpe of the North Shore Health resort in Winnetka, a son, Maskell M. Sharpe, who is in business in Chicago, and a step-daughter, Mrs. Franklin Mayo of Chicago. He leaves also one brother, Dr. Edward Sharpe of Atlantic City, N. J.

## CAR TAKEN BY JOY RIDERS IS FOUND

The Stutz touring car belonging to J. C. DeFries, which was taken Tuesday night from near Northminster church, was found yesterday morning parked in the alley at the rear of the Ideal Bakery. It was undamaged, and had apparently been used by joy riders.

When the car was discovered missing after church Tuesday night, several other car owners also found the doors of their machines open. A headlight house on one car had been twisted until it was almost detached from the light. It appeared that some person or persons had been searching for a car in which to take a ride. No one discovered anything in the cars to be missing.

## REV. D. G. CARSON NOW SOBER

Local Presbyterians and others who are acquainted with Rev. D. G. Carson, D. D., of Springfield, will be interested in knowing that he is now somewhat improved following a recent serious surgical operation. Dr. Carson who was for a long period pastor of the Presbyterian church at Athens, subsequently filled charges in Pawnee and Springfield. It was for a long period the stated clerk of the Springfield Presbytery and so quite often a visitor in Jacksonville.

Dr. Carson, who is a relative of Mr. Ensley Moore of this city, retired from the active ministry several years ago.

## HAS OLD CARTOON

MADE BY NEWELL  
Asa Robinson was interested recently to find among some old documents a picture taken in the Clendenin & Nichols photograph gallery years ago. It is evidently a photograph of a cartoon drawn by Peter Newell, famous artist who died recently and who in the earlier years of his life was employed in the Clendenin & Nichols studio. The cartoon depicts Mr. Clendenin in the effort to take a good picture of an unruly child. Mr. Robinson and Mr. Newell were good friends when the artist was resident here.

C. C. Carter of Bluffs transacted business in the city yesterday.

## MAYOR CRABTREE IS FOR SCOUT COUNCIL

Gives Endorsement of Movement to Help Boys—Galesburg Council President Lists Scout Activities.

"Scouting for boys makes good men, and thus good cities; for cities are no better than the men who inhabit them." This was the gist of a statement made yesterday by Mayor E. E. Crabtree, in which he endorsed the movement to provide a first class Scout Council for Jacksonville. He said further:

"A boy is an economic proposition to the community. To make him into a useful, productive citizen should be the aim of its education and recreational program. To keep the boy from going wrong and becoming a burden to society and the state should also be an aim of the community. Scouting will perform the positive work in the first place, and also save the lad from himself and a possible bad environment and keep him from being an economic burden to society. To expand scout activities in this city, to increase the efficiency of the present local Scout organizations, and to open new channels for work among our local boys, these are things, or which a Scout Council should exist. I am heartily in accord with the movement and believe it can mean nothing but good for Jacksonville."

Benefits of Scout Council  
The advantages of a Scout Council and the many services Boy Scouts are added to perform for their community are well set forth in a letter received here from Dr. C. B. Ripley, president of the Galesburg Council. He writes:

"It is rather a large contract to attempt in a few words to mention even a few of the benefits which accrue to both the boys and the city through the functioning of a properly financed Council of the Boy Scouts of America."

"As there can be no question as to the value to the scouts themselves and to the parents of the scouts, I will use what little space I have in mentioning a few of the benefits to the city as demonstrated in Galesburg within the past year.

(1) At State Sunday School Convention—fifty scouts served as pages, guides, ushers, clock-room attendants and at the convention post office.

(2) For the New Year's East Relief ten scouts distributed the window posters.

(3) For Christmas Seals—ten scouts did a like service.

(4) For the Red Cross—fifteen scouts distributed 1400 pamphlets.

(5) For the Japanese Relief Drive fifteen scouts did general service.

(6) For the Galesburg Automobile Association—thirty scouts helped mark five trails through the city.

(7) At the Chamber of Commerce Farmers' picnic, seventy-five scouts handled traffic, counted guests, and found lost children.

(8) At a big picnic for children, fifty scouts did similar service.

(9) At the Annual Home Coming, seventy-five scouts helped handle traffic, did guard duty, maintained a general service unit and rendered first aid.

(10) At State Teachers' Convention, thirty-five scouts did general service.

(11) For American Legion, forty scouts distributed 4000 circulars.

(12) At State Older Boys' conference, fifty-five scouts did yeoman service in check room, as guides and on general duty.

(13) At fires, after training by the chief, thirty scouts made and held fire lines and gave general aid.

(14) For nearly farmers, ten scouts put out a timber fire.

(15) Flag raising and lowering properly conducted at ceremonies by thirty-five scouts.

(16) The lives of two men saved by the trained heroism and proper application of first aid by a scout.

(17) Three hundred scouts doing their Daily Good Turn work for such serious tasks and on every day. Our city is benefited every hour of every day by the scout movement and scarcely a day goes by without one or more such benefits being brought more or less forcibly to view.

Wishing for you the best of success in your efforts for the benefit of your city, I remain Very sincerely yours,  
C. B. Ripley.

While on a fox hunt Tuesday afternoon, Gate Alexander men, Steve Riller, William Ridder, Joe Ridder and Joe Borge Schneider exceeded their expectations in the way of game by bagging a wolf. The men had reports of foxes in the Alexander neighborhood and proceeded forth with guns in quest of these shrewd animals. They were hunting in a stubble field when a wolf jumped up about fifty yards ahead of William Ridder who was armed with a Winchester gun. Ridder shot and succeeded in wounding the animal but not serious enough to stop its flight. Its tracks were plain in the snow and the four men followed it for about three miles before sighting it again. This time William Ridder did effective work bringing the wolf down the first shot. The wolf was severely injured by the shot and the owner will probably have it tanned.

The wolf weighed about forty pounds and Mr. Ridder brought the dead animal to the city in his car and called at the court house where he made claim for bounty.

## ALEXANDER MAN KILLS WOLF

The company feels that the superintendents and workmen who have erected the new building are to be congratulated on their efficiency and prompt service.
